**Scott Stevens**

City Manager

**September 3, 2013**

On Tuesday, September 3, 2013, City Manager, Scott Stevens announced that the City of Goldsboro has reorganized its leadership team and the position of Assistant City Manager has been restructured into two positions.

The City of Goldsboro has promoted Randy Guthrie as one of its Assistant City Managers. Mr. Guthrie has been employed with the City of Goldsboro since 2004, and served most recently as Development Services Director. Mr. Guthrie will be directly responsible for Downtown Goldsboro Development Corporation, Public Works, Public Utilities, Parks and Recreation, Travel & Tourism, and Engineering. Randy has a BS Degree in Urban and Regional Planning from ECU, some course work towards a Masters in Public Administration, and has over 15 years of local government experience working for Granville County, City of Greenville, Town of Smithfield, Town of Cary, and with the City of Goldsboro. "Randy has done a fabulous job in his current role. I am excited to have him serving the community in this new capacity," said City Manager, Mr. Scott Stevens.

As part of a restructuring effort, the City of Goldsboro has eliminated the position of Development Services Director and with minimum financial impact has created a second Assistant City Manager position. City Manager, Mr. Scott Stevens announced that the City has hired Angel Wright-Lanier in this position. Ms. Wright-Lanier will be directly responsible for Human Resources, Community Affairs, Information Technologies, Planning, Inspections, and the Paramount Theatre. Angel has a BA Degree in History and a Masters in Public Administration from the University of Tennessee, and a Masters in Management Information Systems from Strayer University. She worked for Bellsouth, the City of Raleigh in utility billing for 3 years and in the City Manager's office for over 7 years and has worked for eCivis, a company specializing in grants management, for the past 2 years. "Angel brought a tremendous amount of energy into her interview. I believe she will bring new ideas and perspectives that will benefit Goldsboro", said Mr. Stevens.

The Assistant City Managers' primary responsibilities are to provide direction, leadership, supervision and guidance to department heads. In addition, both will assist the City Manager with the overall operation of the city, respond to a wide variety of citizen issues and requests, conduct research as necessary, engage in problem solving, manage capital construction and renovation projects for city facilities; coordinate projects with architects, engineers, contractors, and staff, serve in the absence of the Manager, provide technical advice and guidance to the Manager and Council, attend Council meetings, and represent the city in various settings. For more information, please contact the City Manager's office at (919) 580-4330.
